

INSTRUCTIONS: HOW TO SET UP EXACT BIDS IN BIDBUDDY

SETTINGS/APPS SETTINGS/GENERAL SETTINGS

The screenshot shows the 'Auction Parts and Pricing Service Settings - Bid Buddy' window. The interface is divided into several sections:

- Top Navigation:** Includes tabs for Auction Information, Vehicle Information, IMS Interface, Settings, and Support. A red arrow labeled '1' points to the 'Settings' tab.
- Settings Menu:** A horizontal bar with icons for various settings categories: Main Settings, 3rd Party Interchange Settings, Counts, APPS Settings, APPS Access Log, COGS, Pool Fees, Quick & Easy Budget, QCWeight Calculator, Restart SQL, Backup DB, Restore DB, T-SQL Command, IC Upgrade, Rebuild Indexes, and Purge Utility. A red arrow labeled '2' points to the 'APPS Settings' icon.
- General Settings Panel:** The 'General Settings' sub-tab is selected. It contains:
 - Introduction:** A paragraph explaining that Bid Buddy APPS is a system for sharing data with fellow recyclers.
 - Participation:** A checkbox labeled 'Participate In APPS' is checked. A red arrow labeled '3' points to this checkbox. Below it is explanatory text: 'By checking this box you agree to share your data with only the recyclers you approve by granting them permissions from the "Who Can See Me" tab.' and 'You can add new Recycling Buddies to share data with by filling out the request form on the "Add a New Buddy to Share With" tab.'
 - Inventory:** A checkbox 'Include buddies QOH count in my own QOH count.' is unchecked.
 - Support Use Only:** A button labeled 'Unmap APPS Connection'.
- Database Utilities:** A table on the right side of the window showing system information:

SQL Server:	14.0.1000.169
Bid Database:	7.3.0
Interchange:	20.04

SETTINGS/APPS SETTINGS/ADD A NEW BUDDY TO SHARE WITH

The screenshot shows the 'Auction Parts and Pricing Service Settings - Bid Buddy' application. The interface includes a top navigation bar with tabs for Auction Information, Vehicle Information, IMS Interface, Settings, and Support. Below this is a toolbar with various icons for settings, wizards, and database utilities. The main content area is titled 'Add a New Buddy to Share With' and contains instructions and a form.

1 Click on the 'APPS Settings' icon in the Settings toolbar.

2 Click on the 'Add a New Buddy to Share With' icon in the 'Who Can See Me' section.

3 Enter '13227' in the Customer ID field.

4 Enter '3039' in the Zip Code field.

5 Click the 'Lookup Buddy to Add' button.

6 Click the 'Confirm/Add Buddy' button.

The form fields are as follows:

- Customer ID:
- Zip Code:
- Company Name:
- State:
- Customer ID:
- MY Customer ID (To Share With a Buddy You Want To Add):

Instructions on the left side of the form:

To add a new Buddy to share data with, you first must obtain their Buddy Customer ID and their Zip Code. Once you have those, you can add them as a Buddy to share data with.

Once a new Buddy has been added, you must then grant them the permissions for the data you wish to share with them. There are four permissions you can grant:

- 1 - Parts. This will share the Good/Bad Status and the Interchange Numbers of the Parts you Bid on that are on Vehicles at the Auction.
- 2 - Pricing. This will share your Standard Price Book information to help give you better information for parts that you may not have had in stock yet.
- 3 - Inventory. This will share your actual inventory from your Yard Management System for one-click, integrated access to help price parts competitively.
- 4 - ICHistory. This will share your Interchange Lookup History from your YMS including your Requests, Sale Count, OOH Count.
